The Honorable  
The Attorney General  
Department of Justice  
Washington 25, D. C.

Dear Mr. Attorney General:

In order that the Central Intelligence Agency may effectively carry out its responsibilities for coordination in the field of foreign economic intelligence, as recently defined by the National Security Council in NSCID 15, there has been established an Economic Intelligence Committee with Dr. Max F. Milliken, Assistant Director for Research and Reports of this Agency, as Chairman. The terms of reference for this Committee were approved by the Intelligence Advisory Committee on 17 May 1951.

It is therefore requested that you nominate two persons to represent your Department on this Committee at the earliest practicable date. These nominees should be individuals most familiar with your total economic research efforts. Although your representatives will not be asked to sit at every sitting of this Committee there will be many occasions when it would be useful to have your Department participate in Committee deliberations. Initially, the matter of highest priority for committee consideration is the economy of the Soviet orbit, and at least one representative should be familiar with your economic research program as it relates to this geographic area. For administrative purposes one of these nominees should be designated as the principal representative and the other as alternate.

Very sincerely,

*Stamps*

William H. Jackson  
Deputy Director of  
Central Intelligence
